SUMMARY:

Aaron called for a status update on the OMC site.

RESPONSE:

I called Kevin, and we shared the following info with Aaron:

> OMC Site - Waukegan Harbor. We said the remedy review board meeting would happen in June, which it did. We're now getting comments, and expect more comments. We have to address these comments. We hope to have a proposed plan in Aug or Sept.

> Grounwater - OMC Plant 2. If all goes as planned, we'll release the draft proposed plan on 8/1 for public comment by 9/2, and will try to get a ROD by the end of Sept. Public meeting is scheduled for 8/14 from 6-8pm at city hall.
